**President's Comments**

Happy New Year! Welcome to 2019! I hope all had a wonderful holiday season and now we begin the final four months of the WMMOA season. We have another great line up of presentations for January with our Social Hour on the 11<sup>th</sup> at the Westside Bowling Lanes. We will begin with a short presentation by Norm Wight, our former FBI agent, who will brief us on what to do if we find ourselves in an "active shooter" situation. This will be important information for us all and we can share it with family and friends. After Norm's presentation, we will have Dale and Carol Stovall's "Band of Brothers Tour; After Action Report". They will be sharing their fun and adventures from the two week, seven countries guided tour which followed the WW II actions of Easy Company 506<sup>th</sup> of the 101<sup>st</sup> Airborne. Having heard several 'outtakes' from the trip, this will be a fun evening.

Our Luncheon presentation on the 18<sup>th</sup> will be another outstanding event as David and Christine Howe will brief us on their work training, handling protection, tracking/trailing, and detection with K9s. This is something I have been looking forward to learning about for some time and it will be another 'must see' WMMOA brief. Be sure to RSVP by January 14th

Upcoming events include the annual MOAA Storming the Hill event in April in Washington DC, and this year 1<sup>st</sup> VP Jack and Cindy Babon will attend, representing WMMOA and Montana
